

たっぷり電気、たっぷり安心・充実生活。

# Smart PV Multi

[スマートPV マルチ]

太陽電池モジュール + マルチ蓄電パワーコンディショナ + 蓄電池ユニット

長州産業イメージキャラクター 石川佳純

The advertisement features a smiling family (a woman, a man, and a baby) lying on a bed, symbolizing a happy and comfortable home environment. Three circular callouts highlight the system's components and benefits:

- A blue circle labeled "電気をつくる" (Creating electricity) contains an image of a solar panel module.
- A purple circle labeled "電気をためる" (Storing electricity) contains images of three battery units.
- A teal circle labeled "電気をかしこく、自在に使う" (Using electricity intelligently, freely) contains an image of a power conditioner unit.

Below the family, there are additional images of the product components: a solar panel module, three battery units, and a power conditioner unit.
